# The 53 Sofa

Always one of Finn Juhl's most sought-after pieces, the 53 Sofa was originally designed for master joiner Niels Vodder. The sofa is characterized by its elegant, sculptural expression. The armrests encase the upholstery as if it were levitating, incorporating the lightness and elegance of a wooden frame, and providing true comfort to the seated person. The 53 Sofa can be upholstered in textile or leather, with legs available in either walnut or oak. An optional cushion can also be ordered.
