The Nyhavn Desk w/ Tray Unit

Finn Juhl is known for adding visual lightness to his designs, and the Nyhavn Desk is no exception. The desk is manufactured in different sizes and available with a veneered table top in teak, oak, walnut, Oregon pine or linoleum in the colours 'black' or 'mushroom' with matching wooden toes. The frame is available in burnished steel, black, orange, or light blue. Please note that the 136 cm version is not available in burnished steel. The table can be ordered with a tray unit with three drawers in a warm or cold range of colours.
